PROJECT

Mayabati - Your AI Chef (Chatbot)

2023 - Present | Check Out My Project

- The Mayabati project functions as an AI-powered chef that offers a range of features to simplify your daily cooking and enhance your lifestyle.
- With Mayabati, you can access personalized recommendations for recipes, diet, and much more. Though the project undergoes development, it yields interesting results.
- The project employs Python and utilizes several AI libraries and APIs to provide intelligent and relevant content. Mayabati serves as an ideal tool for busy individuals who want to streamline their daily cooking and access personalized recommendations at their fingertips.
- It continuously evolves, with new features and functionalities added monthly. Join the Mayabati community today and discover the power of AI in simplifying your daily cooking life.
